WDBB - TV OFFERS SCHOLARSHIP FOR FALL QUARTER

Shelton's newest television station, WDBB-TV, is offering a scholarship to a student attending Shelton State Community College this fall. The student must be enrolled in some area of communication, sales, or marketing. If you are interested in applying for the scholarship or learning more about the program, contact Lucy Kubiszyn, or Dr. Humphrey Lee.

****

DON'T FORGET EARLY REGISTRATION

Early registration for Fall quarter is August 1, 2, and 3, 1984. If you are planning on attending the Junior College Division of Shelton State Community College, it is important that you register during this time period. Early registration is designed so that students may choose the classes and time that best suits their schedule. Hours for registration are 9 a.m. - 7 p.m. A counselor is on call to answer any questions concerning classes.

****

ATTENTION FACULTY AND ADMINISTRATION

Development is a big job. As the college gears up to advance into this area over the next few years, it is imperative that we have the support and help of the faculty and administration. There is money available from public and private sources in this country. To develop a successful program, we need the expertise of the college. If you are interested in a special project or in grantsmanship, contact Lucy Kubiszyn at the Junior College Division.

****

MONDAY REPORT INFO

The MONDAY REPORT is an in-house publication published weekly by Shelton State Community College. It is written for all employees and students of the college. If you are interested in submitting information in the MONDAY REPORT, contact Lucy Kubiszyn at the Junior College Division. Deadline for information is noon on Thursday.

****

FROM THE FIRE COLLEGE

Shelton State Community College will submit a grant for $500,000 for construction of a training facility for wastewater personnel at a state hearing on August 27 in Montgomery, according to the Alabama Department of Environmental Management officials.

The grant program, authorized under the federal Clean Water Act, provides from 55-77% federal funding to local and municipal governments to assist with the construction of wastewater treatment systems.

The program also provides for a one-time expenditure of funds for the construction of a facility to be used for training personnel in operation and maintenance techniques for wastewater units.

Fire college director Bob Hagler is optimistic that the grant will be approved.

****

MONDAY REPORT GETS FACE LIFT

THE MONDAY REPORT is sporting a new look these days. The drafting department at the Technical Division under the guidance of instructor Bill Stringfellow has designed a new logo to be used on the newsletter.

FOUR NEW SUPPORT GROUPS FORMED AT SHELTON

There are four new community support groups being formed at the college. All should be operational by Fall quarter. Anyone on the faculty or administration of the college as well as any student who would like to work on any of these committees should contact Lucy Kubiszyn at the junior college.

FINE ARTS AND HUMANITIES COMMITTEE: This committee is designed to provide feedback on our fine arts and humanities curriculum currently offered by the college as well as to give input into establishing new programs and courses.

BUSINESS ADVISORY COMMITTEE: This committee will be composed of people from the business community and will help keep Shelton in touch with the needs in this area. This committee will give input into our curriculum.

FOCUS ADVISORY COMMITTEE: Shelton will work with FOCUS and RSVP in defining the role of the college as it relates to the over 65 age group. This committee will help determine what Shelton can do for our senior citizens and what they in turn can do for the college.

BASEBALL BOOSTERS CLUB: This group will act as a support group for Shelton's newly formed baseball team. More information on the boosters club may be obtained by contacting Dr. Humphrey Lee, athletic director, or Jack Kubiszyn, Buccaneer coach.

Editorial

WE ARE PROUD OF BEING A PART OF THE MISS ALABAMA PAGEANT

Shelton State Community College is a participant in the Miss Alabama Pageant each year. Because of our involvement and in view of recent headlines, I feel it is necessary to comment on the college's continued participation in the pageant.

Lorine Lowe and I attended a recent Miss Alabama Pageant workshop and we came back committed to the program. We can all be proud of Tammy Little, Miss Alabama 1984. She is a very pretty girl but more important, she is the type of girl we can be proud to have as the state's representative.

We have not yet had a student crowned Miss Alabama. Our entries, however, have had many doors opened to them as a direct result of the Miss Alabama Pageant.

1981 Miss Shelton State, Rosalind Conner, was offered a year of traveling and modeling with Ebony magazine Fashion Fair. Shannon Johnson, 1982 Miss Shelton State, received a scholarship to study ballet as a result of her participation in the Miss Alabama Pageant. Our 1983 representative Lisa Plowman attended the University of Alabama last year on a scholarship she received at the Pageant. 1984 Miss Shelton State Renee Rains has had a scholarship offer from Jacksonville State University. Tresa Hardin, one of our students and the county's representative to the Pageant this year will attend Troy State on a scholarship she received from the Pageant.

Our date for next's year pageant will be set very shortly. In the meantime don't forget all of the wonderful things that can result from the Miss Shelton State Pageant! It is worth the effort.

TECHNICAL TALK

Registration for Fall quarter at the Technical Division of Shelton State is scheduled for August 22, 1984. All students, day and night, will register at this time. New students selected for the licensed practical nursing program will register on August 15. The last day of classes for Summer quarter is August 24. Fall quarter classes will begin on Tuesday, September 4, 1984.

Employees of the Technical Division will attend a two-day workshop in Birmingham on August 7 - 8, 1984. This Summer Conference is for all technical college employees in the state and will be held at the Civic Center.
